Portable Cellular Cellphone Jammer with Selectable Button

2020/09/02

Product Description This Portable Cellular Cellphone Jammer with Selectable Button that you are viewing is a powerful and special jammer device, via which you can decide the jamming frequency bands by your own. Then you can know more about it as follows. Firstly since designed with selectable button which aiming to help people achieving the goal of deciding the jamming frequency bands according to the detail situations. And the design of the selectable button enables each band can work separately or simultaneously. Besides since owning slots on two sides and inside coolers make a constant cooling this portable cellphone jammer will not produce high temperature when it is working, so that you can use it while it is charging which is really convenient. What's more this portable cellular cellphone jammer is suitable for car using as it is designed with car charger as well. Such kind of portable cellphone jammer also own wide application areas as it can be used in places such as the police and meeting room, security services, military units, prisons, banks, churches, conference rooms, classrooms, secret services, news conference rooms, libraries, museums, customs, houses.
